

The *Friends* is a New Jersey non-profit corporation dedicated to bringing high quality environmental programs and projects to our community. Our projects are very well-attended and have received numerous awards, accolades and extensive media coverage. A few examples are our Community Garden, Butterfly Park, Salamander

Migration Protection, Moth Nights, Big Tree Contests, Hawk Nest and Birding Big Day events. Our newest projects are free monthly lecture and discussion series - "Option Green" and "Green Living" that will focus on environmental education and the small environmental choices we can all make that in combination can have a huge positive impact.

Below please find a list of projects that you can help support. You can sponsor individual or multiple projects or become a gold, silver or bronze Friends' supporter.

We hope you will be willing to provide assistance and if so, we will feature your company prominently at the event and on our website. More information about our programming and projects is available on our website at www.friendsebec.com. Thank you for considering our request and please do not hesitate to contact us if you have any questions or need more information, email us at friends.ebec@gmail.com.
